Welfare is Our

Business

Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

"Fly-by-night," "fire-sale" and other temporary or "get-rich-quick" concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising is profitable. In connection with the classified business headings it is doubly effective.

May we explain how and why it will pay you?

YOU, when purchasing any fur garment, have a right to know exactly what you are buying. Every piece of Fur has a tag attached, plainly marked with the true name of the Fur, with trade name following, as Seal—dyed Muskrat, Hudson Seal. It is important to us that each purchaser be so entirely satisfied that her future business can be expected.

Reliability . . .

The J. B. Sperry Co. has kept pace with growing Port Huron, and shoppers have known for 36 years that any statement, whether over the counter or in an advertisement, was and would be exactly as represented.

Style . . .

Style rightness—makes women prefer certain stores. Our New York buying office keeps us in constant touch with style trends. We bring new styles to Port Huron almost as soon as they are originated.

Quality . . .

The word Quality is very much misused and abused. Sperry's is not a price appeal store; merchandise sold here must meet certain dependable standards.

Service . . .

The services we offer at Sperry's are many. An efficient delivery that is prompt and courteous; convenient rest rooms; roomy, fast moving elevators; and almost any other service you might find in a metropolitan store.
