Introductory

In compiling this our Port Huron and Marysville Directory for 1920, we have left no effort on our part to make it complete as possible, under the circumstances. The Marysville part is compiled right in with Port Huron only Marysville is in a bracket, showing that they live at that place.

The new street that new houses are erected on is also given, and in all the publishing of the directory of Port Huron this has shown more changes, both in business and residence, and the population increase is the largest.

The names of the different nationalities is the greatest and in looking for same get the correct spelling on the street lists.

Here is a sample of the names we encounter in the directory field, Alex Pappatheodorocoumodeakapolos; this name is absolutely correct as the man could write English as well as the publisher.

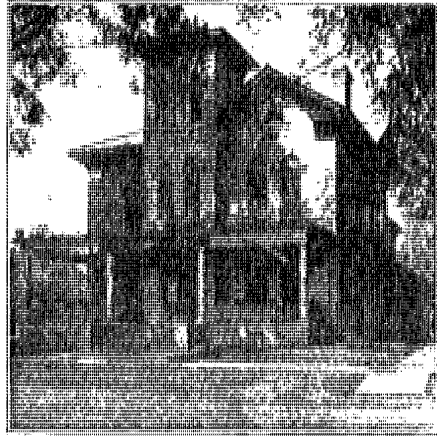

There is one thing that the general public don't know that a Polish brother and sister do not spell their names the same, nor does the father and mother spell their names the same. The ending of the name denotes the Mr. and Mrs.

The population of Port Huron is 27,101; outside city limits is 3,206, making a population of the directory 30,307. This does not include Marysville.

Thanking those who have always lent a helping hand in the support of the city directory, and wishing for a continuance, we remain,

Respectfully yours,

WOLVERINE DIRECTORY CO.

CHAMBER OF COMMERCE
PORT HURON, MICHIGAN
 The Silver Gateway to the Golden West
 A City of Industry

The broad diversification of Port Huron's lines of manufacture offers trained and experienced labor, suited for all classes of manufacture, and the broad standard of education in practice and small percentage of newly immigrated foreigners, constitute a labor situation unusual in most cities, hence

Seventy-five factories in twelve lines of manufacture classified as follows:

Products.	No. of Factories.
Agricultural Machinery	3
Automobiles and Parts	7
Chemicals and Oils	6
Food and Beverages	14
Machinery and Metals	9
Paper and Printing	6
Railroad Cars and Tools	2
Ship and Dock Building	6
Stone and Clay Products	5
Textiles	6
Water, Light and Power	5
Wood Working	6
	75

Port Huron People Are Proud of Their City

It is a beautiful, a living, a growing city and their pride is well founded. But they are not sitting with their hands in their laps,

content with the City as it is. They are planning and carrying forward projects for the improvement of the City, with real enthusiasm and practicability.

Known as the "Silver Gateway to the Golden West," situated at the very foot of Lake Huron, and extending five miles along the St. Clair River, endowed with a wealth of natural advantages, Port Huron possesses and offers incomparable living and working advantages.

 BLANK BOOKS AND
 SUPPLIES**

You Have Seen Them On The Street-

The New Franklins

They are being delivered to pleased owners with clock like precision.

Carrying to them the satisfaction of the non-stallable, non-freezable, non-boilable air-cooled motor.

The only car guaranteed to deliver with unflinching certainty:

20 Miles to the gallon of gasoline.

12,500 Miles to the set of tires.

50% Slower depreciation.

A FRANKLIN will give you most miles per day with least fatigue.

FRANKLIN owners — wise choosers — are recruited from the ranks of all other cars.

We'll gladly show you why.

FROM ONE SMALL STORE TO A Nation-Wide Institution

How long since your first store was started?

That is a question we frequently hear in our stores. Perhaps the same question has come to your mind. We are grateful for that inquiry, because it convinces us of your sincere desire to know more about us, our methods, and our growth.

Our first store was opened in 1902, at Kemmerer, Wyoming. Small though that store was, it was instituted with the idea of giving the greatest possible service, and asking in return the least possible profit.

The few years that have passed since 1902 have brought most gratifying rewards from our many thousands of appreciative patrons.

Our rapid growth from one to two hundred ninety-seven stores is convincing evidence that our policy meets with popular approval to a nation-wide extent.

Buying in vast quantities for cash, eliminating middlemen's commissions almost entirely; selling for cash, and at one price only; having no delivery system or other needless expenses; content with small profits; these are some of the reasons of our growth from one small store to A Nation-Wide Institution.

It is undeniably true that our store in your vicinity is a decided benefit to you in many ways.

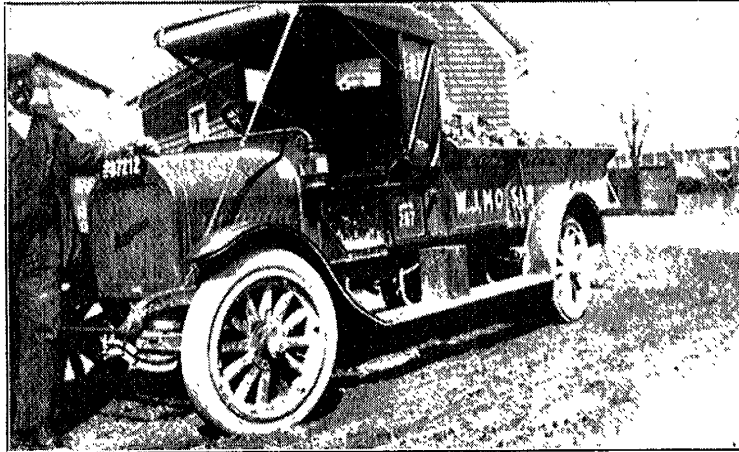

It is a good habit to buy constantly at this store, because the greater our growth, the less our operating expense.

Therefore the more you benefit by our service.

Radiator Repairing

We are the only experts in the city doing first-class work. A trial will convince you.

FOR SALE

Ford honey comb radiators guaranteed against freezing, bursting and vibration leaks for six months.

These radiators are the same as used in Packard, Haynes, Stutz, Winton-Six, Oakland, Dort, Dodge and 200 other makes of cars.

These are all Fedder's make of radiators.

We repair and rebuild any make of radiator, truck, tractor, aeroplane and automobile.

If you are looking for cheap made radiators, we don't handle that stock—"try others."

Special Attention to all Out of Town Work

Why the
CHANDLER
holds its leadership

The Chandler Car has attained and held its place of *leadership* among all sixes by steadfast pursuance of worthy policy. Nearly eighty thousand Chandler owners know the excellence of this motor. They know its power, and the flexibility of its power. They know its endurance. They know its economy. They know it affords all the speed that any responsible driver would ever wish or dare to use. They know that on hill or sand roads it leads the way.

FARMS FOR SALE

The best way to cut the high cost of living is to own your own farm. Now is the time to buy. Just think, farm property was never cheaper. Why, the buildings are worth more than we are asking for them and the land practically a gift. It will cost you more to build a small home in the city and that does not solve the H. C. L. We have several farms near Memphis, just half a mile from postoffice. The best land in Michigan. The size of these farms range from 40 acres to 120 acres. We also have several thousand acres in Western Canada for sale.

WHITE TRUCKS

THE PRODUCT *of* EXPERIENCE

THERE is something which defies theory in the making of a successful truck. No blue print specifications can foretell its performance. Engineering skill alone cannot assure it.

The successful truck is the product of years of transportation experience under all operating conditions.

White Trucks have grown to be what they are. They do the most work for the least money because that has been the essential purpose in their development.
